INDEPENDENT AUDITOR'S REPORT

Members of the Board

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the business-type activities, which are the proprietary funds of the Caddo Basin Special Utility District (District), as of and for the year ended December 31, 2021, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities, which are the proprietary funds of the Caddo Basin Special Utility District, as of December 31, 2021, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently know information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

Independent Auditor's Report – Continued

In performing an audit in accordance with GAAS, we

- exercise professional judgement and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgement, there are conditions or events considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Government Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's response to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the schedules identified as Texas Supplementary Information (TSI) but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the information exists, we are required to describe it in our report.

**CADDO BASIN SPECIAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2021**

This section of Caddo Basin Special Utility District's annual financial report presents our discussion and analysis of the District's financial performance during the year ended December 31, 2021. Please read it in conjunction with the District's basic financial statements, which follow this section.

FINANCIAL HIGHLIGHTS

- The District's total net position was \$ 13,666,647 at year end.
- During the year, the District's expenses were \$ 1,086,499 less than the \$ 4,852,065 generated from charges for services and other revenues for business-type activities.
- The District issued no new debt agreements during the year.

OVERVIEW OF THE FINANCIAL STATEMENTS

The District is a special purpose government agency and is not considered a component unit of any other government. The District conducts its financial operations in a business-type approach and is defined as a governmental enterprise fund by the Governmental Accounting Standards Board (GASB). Because of this, the District is required to present its financial statements in the format of enterprise fund financial statements.

The enterprise fund financial statements consist of three documents:

Statement of Net Position
Statement of Revenues, Expenses and Changes in Fund Net Position
Statement of Cash Flows

The Statement of Net Position presents information on all of the District's assets, deferred outflows of resources, liabilities and deferred inflows of resources with the difference being reported as net position. This financial statement is often referred to as the balance sheet in non-governmental entities.

The Statement of Revenues, Expenses and Changes in Fund Net Position presents information showing how the District's net position changed during the fiscal year. All changes in net position are reported in the proprietary (enterprise) fund financial statements based on full accrual of revenues and expenses, regardless of the timing of cash flows. As a result, the accrual of revenues and expenses as reported in this statement would affect cash flows in future periods. Revenues, whether received or not, are properly recorded in the fiscal period in which they are earned; expenses, whether paid or not, are properly recorded in the fiscal period in which the related obligation is incurred.

The Statement of Cash Flows presents information on cash flows from operating activities. The accrual of revenue and expenses from prior accounting periods would affect the cash flows in the current fiscal period.

Following the financial statements listed here are the notes to the financial statements. These notes provide additional information that is essential to a complete understanding of the data provided by the District in the proprietary (enterprise) fund financial statements.

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Statement of Net Position

The District ended the year with total assets of \$ 18,048,189. Cash and cash equivalents comprised \$ 3,678,463 (20%) of total assets. Net capital assets totaled \$ 13,282,419 (74%) of total assets. The remaining assets including receivables, prepaid items and other noncurrent assets complete the total assets of the District.

The District has only \$ 582,176 in current liabilities at year end. This represents 3% of the available unrestricted cash. Noncurrent liabilities include the outstanding debt to be paid in future periods beyond 12 months and customer deposits held by the District securing customers billed and unbilled water receivables. Noncurrent liabilities total \$ 3,856,701 or 21% of total assets. What remains is net position of \$ 13,666,647 that is \$ 1,086,499 higher than the beginning of the year.

Ending net position totaling \$ 13,666,647 is comprised of three components. The first, net investment in capital assets, which represents the net value of capital assets after deducting depreciation and reducing further the value of any outstanding debt related to capital asset acquisition, totals \$ 10,779,857 or 79% of the total net position. This amount is not available for current operations. Restricted net position reflects assets held because of outside influence requirements such as debt covenants. The balance, \$ 868,452, is set aside for debt retirement. The unrestricted net position, \$ 2,018,338, is available for use to fund future operational activities.

Net Position - Ending (December 31)	\$ 13,666,647	\$ 12,580,148	8.64%

**CADDO BASIN SPECIAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2021**

Operating revenues include charges for water usage as well as other service fees, penalties and administration fees. The total, \$ 3,940,728, exceeded the operating expenses by \$ 248,846. Non-operating revenues include investment income, contributions from customers and developers, and tower rental income. These non-operating sources combined for a total of \$ 911,337 or 19% of total revenue

Operating expenses totaled \$ 3,691,882 for the year, an increase of \$ 249,883. The largest expense for the year was for water purchased from outside sources. The total \$ 1,344,010 represents 36% of all expenses. Interest expense incurred on outstanding debt totaled only \$ 73,684 or 2% of total expenses. The remaining expenses including payroll and benefits (24%), depreciation and amortization (27%), as well as other operating costs comprised the remaining \$ 434,893.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At year end, the District had invested \$ 24,107,553 in a broad range of capital assets, including land, water distribution system, buildings, equipment and vehicles (see Table A-3). More detailed information about the District's capital assets is presented in the notes to the basic financial statements.

Caddo Basin Special Utility District's Capital Assets			Table A-3
	2021	2020	Total Percentage Change 2020 - 2021
Land and Improvements	\$ 182,083	\$ 182,083	0.00%
Construction in Progress	84,198	14,940	463.57%
Water Distribution System	22,448,919	22,064,907	1.74%
Vehicles	406,474	406,474	0.00%
Machinery and Equipment	430,283	359,935	19.54%
Furniture and Office Equipment	102,440	102,440	0.00%
Buildings	453,156	453,156	0.00%
Totals at Historical Cost	\$ 24,107,553	\$ 23,583,935	2.22%
Total Accumulated Depreciation	(10,825,134)	(9,822,690)	10.21%
Net Capital Assets	\$ 13,282,419	\$ 13,761,245	-3.48%

Long Term Debt

At year end, the District had \$ 2,502,562 in debt outstanding as shown in Table A-4. More detailed information about the District's debt is presented in the notes to the basic financial statements.

Caddo Basin Special Utility District's Long Term Debt			Table A-4
	2021	2020	Total Percentage Change 2020 - 2021
Bonds Payable	\$ 2,500,000	\$ 2,895,000	-13.64%
Other Debt Payable	2,562	3,573	-28.30%
Total Debt Payable	\$ 2,502,562	\$ 2,898,573	-13.66%

**CADDO BASIN SPECIAL UTILITY DISTRICT
MANAGEMENT'S DISCUSSION AND ANALYSIS
YEAR ENDED DECEMBER 31, 2021**

BUDGET, ECONOMIC ENVIRONMENT AND RATES

The central northeast Texas region continues to experience an influx of residential home sites. This increase in home sites and the subsequent residences constructed appears to be continuing. This increase impacts the availability of water and the related infrastructure in the District. Operations will continue in future periods with expansion of infrastructure to provide potable water to those seeking services.

The District has water source contracts with North Texas Municipal Water District, the City of Farmersville and the City of Greenville under long term contracts. The contracts include set amounts of resources available with adjustments for potential increases. The contracts include annual rate adjustments necessary to maintain water supplies for the District and its customer base.

At this time, Caddo Basin Special Utility District is not aware of any decisions or conditions that would impact the District's operations through 2022 other than the rate increases imposed by its water suppliers.

REQUEST FOR INFORMATION

This financial report is designed to provide a general overview of the District's finances and to demonstrate the District's accountability for the funds it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to Leahmon Bryant, General Manager for the District.

**CADDO BASIN SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021**

A. Summary of Significant Accounting Policies

The Caddo Basin Special Utility District (District) was approved by the voters within the District on May 6, 1989. The Caddo Basin Special Utility District is an organization as set forth under the terms and conditions of Article XVI, Section 59 of the Texas Constitution and Chapter 65 of the Texas Water Code.

The financial statements of the District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to government units. The Governmental Accounting Standards Board (GASB) is the standard setting body for establishing governmental accounting and financial reporting principles. The more significant of the District's accounting policies are described below.

1. Reporting Entity

The Board of Directors (Board), a seven member group constituting an on-going entity, is the level of government which has governance responsibilities over all activities related to providing water services within the jurisdiction of the Caddo Basin Special Utility District. Members of the Board are elected by the public, have the authority to make decisions, appoint administrators and managers, and significantly influence operations; and have the primary accountability for fiscal matters. The District is not included in any other governmental "Reporting Entity" as defined by GASB in its Statement No. 14, "The Financial Reporting Entity." There are no component units presented.

2. Basis of Presentation

The District is a special purpose government engaged in only business-type activities. In accordance with GASB Statement 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, the District is required to present only financial statements for enterprise funds, along with management's discussion and analysis (MD&A), notes of the financial statements and other required supplementary information (RSI).

The accounts of the District are organized on the basis of funds or account groups, each of which is considered to be a separate accounting entity. The operations of each fund or account group are summarized by providing a separate set of self-balancing accounts which include its assets, liabilities, fund equity, revenue and expenses. The fund type utilized by the District is described below:

a. Proprietary fund types include the following –

The *Enterprise Fund* is used to account for operations: (a) that are financed and operated in a manner similar to private business enterprises – where the intent of the governing body is that the costs (expenses including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) the governing body has decided periodic determination of revenues earned, expenses incurred and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

3. Basis of Accounting

The accounting and financial reporting treatment applied to a fund is determined by its measurement focus. Proprietary fund types are accounted for on a flow of economic resources measurement focus and utilize the accrual basis of accounting. This basis of accounting recognizes revenues in the accounting period in which they are earned and become measurable and expenses in the accounting period in which they are incurred and become measurable. With this measurement focus, all assets and liabilities associated with the operation of these funds are included in the balance sheet. Fund equity is identified as net position.

4. Budget

The Board adopts an annual budget for the Enterprise Fund. The Budget for the Enterprise Fund is adopted under a basis consistent with GAAP. The Board approves amendments to the annual budget as prepared by the General Manager of the District.

**CADDO BASIN SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021**

A. Summary of Significant Accounting Policies (Continued)

5. Receivables

The District's accounts receivable are generally due within 30 days of billing. Late payment fees are billed on items past due with all off following a standard period of time. Once accounts are closed, customer security deposits are used to solve the unpaid accounts. Policies are in place to reestablish service with appropriate fees and security deposits. Because of these operational policies, the District does not record an allowance for uncollectible amounts. If services are terminated all current and past due charges are to be satisfied prior to reconnection.

6. Capital Assets

Additions to the utility system are recorded at cost or, if contributed property, at estimated fair value at time of contribution. Repairs and maintenance are recorded as expenses; renewals and betterments are capitalized. The sale or disposal of fixed assets is recovered by removing cost and accumulated depreciation from the accounts and charging the resulting gain or loss to income. Items exceeding \$ 2,500 are capitalized in the financial statements.

Depreciation has been calculated on each class of depreciable property using the straight-line method. Estimated useful lives are as follows:

Buildings	5 - 40 years
Vehicles	5 - 7 years
Furniture & Equipment	5 - 10 years
Machinery & Equipment	5 - 10 years
Water Distribution System	5 - 40 years

7. Amortization of Equity Fee and Organizational Costs

The District has assets recorded in the basic financial statements entitled "Deferred Bond Issuance Costs." Generally accepted accounting principles require that the District capitalize the costs associated with these assets and amortize those costs over the life of the debt, and not less than 60 months, respectively, rather than expensing the entire amount in the year acquired. The expense associated with this amortization appears in the basic financial statements as "Amortization." The amount expensed during the twelve months ended December 31, 2021, was \$ 10,841. The amount recorded as assets (net of amortization) in the basic financial statements at year end, totaled \$ 57,335.

8. Prepaid Supplies and Materials

Prepaid supplies and materials consists of supplies and repair parts for the distribution system, valued at cost. The cost of supplies and materials is recorded as an expense when consumed rather than when purchased.

9. Cash and Cash Equivalents

Cash and Cash Equivalents are comprised of deposits in financial institutions, including time deposits. For the purpose of the statement of cash flows, a cash equivalent is considered any highly liquid investment with a maturity of twelve months or less. Restricted assets are not included.

10. Retirement Plan

Substantially all full time employees of the District are covered by the Caddo Basin Special Utility Rural/Retirement Plan. Mass Mutual is the administrator of this 401(k) plan. This plan was adopted by the Board of Trustees effective January 30, 2012.

The pension plan provides pension benefits and death and disability benefits. A member may retire after reaching the age of 65.

**CADDO BASIN SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021**

A. Summary of Significant Accounting Policies (Continued)

10. Retirement Plan (Continued)

Employees of the District have a mandatory five percent of their defined gross earnings deducted and placed in the plan with voluntary additional contributions to ten percent. If an employee leaves the employment of the District before five years of service, the accumulated contributions plus earned interest are refunded to the employee or the employee's designated beneficiary.

The District makes contributions to the pension plan equal to five percent of each employee's defined gross earnings. After three years of employment this contribution increases to six percent, after five years of employment this contribution increases to eight percent, and after ten years of employment this contribution increases to ten percent.

For the year, the District's total payroll for all employees amounted to \$ 686,927. Covered payroll refers to all compensation paid by the District to active employees covered by the Caddo Basin Special Utility District Rural/Retirement Plan on which contributions to the 401(k) plan are based which amounted to \$ 653,519. During the year, the District contributed \$ 35,496.

In addition to the retirement plan as described above, the employees of the District are covered by Social Security.

11. Related Party Transactions

The District incurs expenses to board members in the amount of \$ 50 for each board meeting attended, in addition to expenses paid by board members. For the year, \$ 1,750 was paid to board members for meetings attended.

12. Compensated Absences

District employees are entitled to certain compensated absences based on their length of employment. Sick leave is paid to employees at one-half the rate of the employee's wages for unused time remaining at year end.

B. Capital Assets

The following is a summary of changes in capital assets for the year:

	Beginning Balances	Additions and Reclassifications	Deletions	Ending Balances
Land and Improvements	\$ 182,083	\$ -	\$ -	\$ 182,083
Construction in Progress	14,940	368,597	299,339	84,198

Net Capital Assets	\$ 13,761,245	\$ (179,487)	\$ 299,339	\$ 13,282,419

**CADDO BASIN SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021**

C. Restricted Assets

The District is required to maintain certain deposit accounts to be in compliance with the bond covenants. At year end, the District had the following accounts restricted for these purposes:

American National Bank Accounts:	
Construction Fund	\$ 113,577
Bond Reserve	358,530
Bond Debt Payment	509,922
Total Restricted Assets	\$ 982,029

American National Bank – Construction Fund – This account represents the amount held in reserve for future capital improvements for Caddo Basin Special Utility District as designated by the Board.

American National Bank – Bond Debt Payment – This account represents the amount accumulated during the year to make principal and interest payments on the outstanding debt.

American National Bank – Bond Reserve - This account represents the amount held in reserve to remain in compliance with Section 13 of the Bond restrictions, which states, "The District shall maintain an account equal to the average annual debt service."

D. Deposits, Securities and Investments

The District's funds appear to be deposited and invested under the terms of a depository contract. The contract requires the depository to pledge approved securities in an amount significant to protect the District's day-to-day balances. The pledge is waived only to the extent of the dollar amount of Federal Deposit Insurance Corporation (FDIC) insurance. The District's deposits appear to have been secured at all times throughout the fiscal year.

The District's investment policies and types of investments are governed by the Public Funds Investment Act. The Act requires specific training, reporting and establishment of local policies. The District appears to be in compliance with the requirements of the Act.

State statutes and local policy authorize the District to invest in the following types of investment goods:

- a. obligations of the U.S. or its agencies or instrumentalities,
- b. obligations of the State of Texas or its agencies,
- c. obligations guaranteed by the U.S. or State of Texas or their agencies or instrumentalities,
- d. obligations of other states, agencies or political subdivisions having a national investment rating of "A" or greater,
- e. guaranteed or securitized certificates of deposit issued by a bank domiciled in the State of Texas, or
- f. fully collateralized repurchase agreements.

GASB Statement No. 40 requires a determination as to whether the District was exposed to the following specific investment risks at year end and if so, the reporting of certain related disclosures:

a. Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The ratings of securities by nationally recognized agencies are designed to give an indication of credit risk. At year end, the District did not appear to be significantly exposed to credit risk.

b. Custodial Credit Risk

Deposits are exposed to custodial credit risk if they are not covered by depository insurance and the deposits are uncollateralized, collateralized with securities held by the pledging financial institution, or collateralized with securities held by the pledging financial institution's trust department or agent but not in the District's name.

Investment securities are exposed to custodial risk if the securities are uninsured, are not registered in the name of the government, and are held by either the counterparty or the counterparty's trust department or agent but not in the Districts' name. At year end, the District did not appear to be exposed to custodial credit risk.

**CADDO BASIN SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021**

D. Deposits, Securities and Investments (Continued)

c. Concentration of Credit Risk

This risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. At year end, the District did not appear to be exposed to concentration of credit risk.

d. Interest Rate Risk

This is the risk that changes in interest rates will adversely affect the fair value of an investment. At year end, the District was not exposed to interest rate risk.

e. Foreign Currency Risk

This is the risk that exchange rates will adversely affect the fair value of an investment. At year end, the District was not exposed to foreign currency risk.

E. Long - Term Obligations

The following schedule presents changes in long-term debt for the year:

	Beginning Balance	Additions	Deletions	Ending Balance	Current Portion of Debt
Bonds Payable	\$ 2,895,000	\$ -	\$ 395,000	\$ 2,500,000	\$ 345,000
Unamortized Bond Premium	3,573	-	1,011	2,562	-
Total Debt Payable	\$ 2,898,573	\$ -	\$ 396,011	\$ 2,502,562	\$ 345,000

Bonds

The District has issued various revenue bonds in prior years to fund capital improvements in the district. Revenue bonds require principal and interest payments to be made from utility system revenues. The bonds issued require annual principal payments and semi-annual interest payments throughout the life of the debt.

The following amounts are outstanding at year end:

Description	Interest Rate	Original Amount	Outstanding Balance
Utility System Revenue and Refunding Bonds, Series 2012	1.0 - 2.125%	\$ 2,735,000	\$ 250,000
Utility System Revenue Bonds, Series 2019	2.0 - 3.125%	2,520,000	2,250,000
Totals			<u>\$ 2,500,000</u>

**CADDO BASIN SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021**

E. Long - Term Obligations (Continued)

Debt service requirements to maturity on bonds at year end are as follows:

Year Ending December 31	Principal	Interest	Total Requirements
2022	\$ 345,000	\$ 70,251	\$ 415,251
2023	100,000	63,037	163,037
2024	105,000	61,038	166,038
2025	105,000	58,413	163,413
2024	110,000	55,788	165,788
2025-2029	625,000	226,440	851,440
2030-2034	760,000	125,040	885,040
2035-2038	350,000	16,554	366,554
Totals	\$ 2,500,000	\$ 676,561	\$ 3,176,561

Bond Covenants

The District is required to maintain certain deposits to satisfy the provisions of the debt authorization relating to the Series 2012 and Series 2019 bond issues. The deposits are identified in Section 13 and 14 of the debt authorization. The following describes these sections and the requirements:

Section 13 – Reserve Fund

The required reserve is an amount equal to the average annual debt service. This balance was already funded at the time both Bonds were issued, so no new deposits were required at that time. As the total is now less than the required amount, monthly deposits in amounts equal to one-twelfth (1/12) of the deficiency shall begin and continue to be made until the required reserve has been restored. At year end, the following is reported:

Amount Required	\$ 156,950
Amount Available	<u>358,530</u>
Excess (Deficiency)	<u>\$ 201,580</u>

Section 14 – Bond Fund

The Bond Fund is a restricted account to set aside monthly the amounts to retire the bond principal and interest for the current period. The following is reported:

Amount Required	\$ 473,150
Amount Available	<u>509,922</u>
Excess (Deficiency)	<u>\$ 36,772</u>

F. Customer Deposits

The District requires each new customer to pay \$150, which is held as a refundable deposit to secure payment of the customer's final water bill. At year end, the District's obligation totaled \$ 662,450

G. Litigation

The District does not appear to be involved in any litigation as of year end.

H. Risk Management

The District is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. During the fiscal year, the District purchased commercial insurance to cover these liabilities. There were no significant reductions in coverage in the past fiscal year, and there were no settlements exceeding insurance coverage for each of the past three fiscal years.

**CADDO BASIN SPECIAL UTILITY DISTRICT
NOTES TO THE FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2021**

J. Commitments and Contingencies

The District is responsible for complying with certain laws and regulations that impact the operations of the water distribution system and overall financial position. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the various rules and regulations in which the District operates.

The global outbreak of coronavirus disease ("COVID-19") presents various global risks. The full impact of the COVID-19 outbreak continues to evolve as of the date of this report. Management of the District is actively monitoring the global situation on its financial condition, liquidity, operations, supplies, vendors, and industry. Given the evolution of the COVID-19 outbreak and the global responses to curb its spread, the District is not able to estimate the effects, if any, of the COVID-19 outbreak on its results of operations and financial condition.

The District requires developers and customers to provide funding for specific expansion to the storage and distribution system. The payments received are accounted for as escrow funds held by the District until completion of the specific expansion. The balances received and held in escrow at year end amounted to \$ 1,036,689 and is presented in the financial statements as Deferred Revenue – Developer Contributions.

K. Subsequent Events

Management has evaluated all events or transactions that occurred after December 31, 2021 up through May 13, 2022, the date the financial statements were issued.

L. Economic Dependency

The District procures its water from North Texas Municipal Water District under a water supply contract. The loss of the water source could impact the District's available water sources needed for delivery of water to its customers.
